# **NOTICE!!!!**

**No RPC Meeting  
for August!**

Sincerely,

Jill & Rhonda

## Director's Report

**August 3, 2020**

RPC and the Floodplain Office has been keeping busy.

Income June-July 2019 = \$4,175

Income June - July 2020 = \$3,234

### Activities and Meetings

May 8- Phone Community Assistance Contact (CAC) over hour long phone meeting with Ohio Department of Natural Resources Floodplain Office to discuss floodplain management in our county. There will be a follow up review letter which we have not received yet. **Update:** We received a letter on this and have responded. Still going back and forth. We will be providing flood plain information to both the Farm Bureau and Soil and Water Conservation District for their newsletters and providing more information on our floodplain website.

June 10 - Transportation Advisory Committee Zoom Meeting

June 17 - Local Land Use/Hazard Mitigation Zoom Meeting

July 13 – County Planners Association of Ohio Summer Zoom Meeting

The County Planners Association members discussed how they were holding their meetings. They held them by Zoom, Go-to-Meeting, in person with social distancing and masks. The big issue is having the meetings open to the public.

I am open to suggestions on how board members would like to hold meetings. Please email or call me with your ideas. We need to have at least 2 before the end of the year.

A new computer and printer was purchased for Rhonda. This had been included in our 2020 budget. The printer had been a hand-me-down from another office and finally gave up the ghost. Her computer was still operating on Windows 8 and not fast enough for her to access the GIS website.

A webcam and microphone was purchased for my computer, it had neither. This makes Zoom meetings much easier than using my cell phone.
