May 2021 Tuscarawas County Regional Planning Director's Report

Things slowed down a little in April. Only 13 lot splits, no dedicated private drives. Have had inquires on possible developments in the county, all preliminary.

Met with the Lawrence Township Zoning Board on several issues: Farmers Markets, "Glamping" (fancy glamorous camping), and their regulations in general. Will be working with them in the future to simplify their regulations but still keep all the "teeth".

Approved a flood plain permit based on fill in Goshen Township.

Planning on holding a June Meeting.
