WHEREAS, the County of Tuscarawas, Ohio (the "Issuer") has heretofore established a water district within the sewer district known as the Tuscarawas County Metropolitan Sewer District (such water district is referred to as the "District"), and has heretofore acquired and constructed a water supply, treatment, storage and distribution system located in the water district in the District (which system, along with any enlargements and extensions thereof is referred to herein as the "System"); and

WHEREAS, the Board of County Commissioners of the Issuer (the "Board") has heretofore determined the necessity and desirability of certain improvements to the System in the water district within the District known as the Wilkshire Hills Water System Upgrade Project (Project ID #WH-19-05) (collectively, the "Project") for the purpose of preserving and promoting the public health and welfare, in accordance with plans and designs which have been accepted and approved by the Board and are now on file in the office of the Board and open for public inspection; and

NOW, THEREFORE, BE IT RESOLVED by the Board of County Commissioners (the "Board") of the County of Tuscarawas, Ohio, that:

SECTION 1. It is necessary to issue and sell \$2,232,000 of Water System Improvement Revenue Bonds of the Issuer (the "Series 2023 Bonds") pursuant to Chapters 133 and 6103 of the Ohio Revised Code (together, the "Act"), and particularly Section 133.08 thereof, for the purpose of retiring the Interim Loan previously incurred in anticipation of the Government Loan and paying part of the cost of the Project. The Series 2023 Bonds shall (a) be designated "Water System Improvement Revenue Bonds, Series 2023", (b) be dated the date of their initial issuance, (c) mature in installments not more than forty (40) years after such date of issuance, (d) be issued in the initial aggregate principal amount of \$2,232,000, and (e) be substantially in the form of <u>Exhibit A</u> attached hereto and incorporated herein by reference. The Series 2023 Bonds shall be issued as a single series in such principal amount, and numbered from R-1 upward in order of issuance. With the Government purchasing all of the Series 2023 Bonds, registered as to both principal and interest in the name of "United States of America, acting through the Rural Utilities Service, United States Department of Agriculture" or as otherwise directed by the Government.

The outstanding principal amount of the Series 2023 Bonds from time to time shall bear interest at the rate of two and seven hundred fifty thousandths percent (2.750%) per annum, calculated on the basis of the actual number of days and a 365-day year. The interest on the Series 2023 Bonds shall be payable annually on dates to be set forth in the Series 2023 Bonds (each, a "Bond Payment Date"), until the final payment of the principal amount of each Series 2023 Bond. The principal of the Series 2023 Bonds shall be due and payable in installments as set forth in Section 3 of this Resolution. If the total par value of the Series 2023 Bonds is not paid by the Government to the Issuer at the time of initial delivery of the Series 2023 Bonds, such par value shall be advanced to the Issuer in one or more installments upon request of the Issuer, and interest shall accrue on the amount of each advance from the actual date of such advance.

The Series 2023 Bonds shall be signed by at least two member of the Board and by the County Auditor, provided that all but one of such signatures may be facsimiles. The Series 2023 Bonds shall be in the denomination of \$100 and any integral multiple thereof, provided that if the Government is the owner of the Series 2023 Bonds, the Series 2023 Bonds shall be in a principal amount equal to the aggregate principal amount of the Series 2023 Bonds. It is hereby determined that the issuance of the Series 2023 Bonds upon the terms described herein, including the redemption provisions specified below, will be in the best interest of the Issuer, its citizens and users of the System. This Board hereby declares and determines the estimated life or period of usefulness of the improvements to the System acquired and constructed, and to be acquired and constructed, as part of the Project is at least forty (40) years from the date of issuance of the Series 2023 Bonds. All actions of the Board and the Issuer, its officers and employees in connection

with the application for, acceptance of and expenditure of the proceeds of, the Government Loan, the Government Grant, and the Interim Loan are hereby approved, ratified and confirmed.

It is hereby determined that (i) the principal amount of the Series 2023 Bonds does not exceed the aggregate of the amount required to pay costs of the Project and other costs, including financing costs, permitted by the Act to be paid from the proceeds of the Series 2023 Bonds, and (ii) the issuance of the Series 2023 Bonds upon the terms described herein will be in the best interests of the Issuer and in compliance with the Act.

SECTION 2. The Series 2023 Bonds shall be issued in fully registered form without interest coupons as negotiable instruments pursuant to the Act. There shall be no charge for registration or transfer of the Series 2023 Bonds. Ownership of the Series 2023 Bonds shall be registered on the books of the Issuer kept for that purpose by the County Auditor, who is hereby designated to serve as paying agent, registrar and transfer agent (the "Paying Agent and Registrar") for the Series 2023 Bonds, upon presentation thereof. Registration of the ownership of the Series 2023 Bonds shall also be evidenced by a notation to that effect on the Series 2023 Bonds. In the event the Series 2023 Bonds are held by a party other than the Government, the Issuer may contract in accordance with Section 9.96, Ohio Revised Code, for services of a bank or trust company to serve as the Paying Agent and Registrar. Installments of principal of and interest on the Series 2023 Bonds and any Additional Bonds, as hereinafter defined (the "Bond Service Charges"), shall be payable in lawful money of the United States of America to the registered owner thereof (the "Holder") as shown on the registration records of the Issuer. The Issuer and the Paying Agent and Registrar may deem and treat the registered owner of the Series 2023 Bonds as the absolute owner thereof for all purposes, and neither the Issuer nor the Paying Agent and Registrar shall be affected by any notice to the contrary. Payments of installments of Bond Service Charges shall be made by check, draft or wire sent to the Holder at the address shown on the registration records of the Issuer, except that the final installment of Bond Service Charges shall be made upon presentation and surrender thereof to the Paying Agent and Registrar.

The Issuer shall upon request of the Holder of any Series 2023 Bond other than the Government, at any time at the expense of such Holder, and within ninety (90) days after such request, exchange Series 2023 Bonds for Series 2023 Bonds of any authorized denomination or denominations in an aggregate principal amount equal to the unmatured and unredeemed principal amount of, and bearing interest at the same rate and maturing on the same date or dates, as the Series 2023 Bonds being exchanged. The Issuer shall upon the request of the Government, at any time at the expense of the Issuer, and within ninety (90) days after such request, exchange the Series 2023 Bond for Series 2023 Bonds of any authorized denomination or denominations in an aggregate principal amount equal to the unmatured and unredeemed principal amount of, bearing interest at the same rate, and maturing on the same date or dates as, the Series 2023 Bond being exchanged. Series 2023 Bonds shall be so exchanged only for and upon surrender to the Paying Agent and Registrar of the corresponding Series 2023 Bond or Bonds being exchanged which shall then immediately be cancelled by the Paying Agent and Registrar.

The Series 2023 Bonds shall be transferable, without charge to the Holder, only on the registration books of the Issuer upon presentation to the Paying Agent and Registrar with a written transfer duly acknowledged by the registered Holder or such Holder's attorney and such transfer to be noted on the registration records of the Issuer and on the Series 2023 Bond, provided that no such transfer shall be permitted until the entire principal amount of the Series 2023 Bonds has been advanced to the Issuer by the Government. No transfer of ownership of the Series 2023 Bonds shall be valid unless made at the request of the registered owner thereof on the registration records of the Issuer. The Issuer may deem and treat the registered Holder of the Series 2023 Bonds as the absolute owner thereof for all purposes, and the Issuer shall not be affected by any notice to the contrary.

The Series 2023 Bonds shall be subject to redemption at the option of the Issuer in whole, or in part in integral multiples of \$100 and inverse order of maturity, at any time at a redemption price equal to the principal amount to be redeemed plus accrued interest to the date of redemption. Notice of the exercise of such right of redemption shall be given by written notice to the Holder of the Series 2023 Bonds mailed not less than thirty (30) days prior to the redemption date. All Series 2023 Bonds as to which the Issuer exercises its right of redemption and as to which notice aforesaid shall have been given and for the retirement of which funds are duly provided shall cease to bear interest on the redemption date.

SECTION 5. The Series 2023 Bonds and any additional Water System Improvement Revenue Bonds issued on a parity therewith as provided herein ("Additional Bonds" and together with the Series 2023 Bonds, the "Bonds") shall be payable solely from (i) the Revenues deposited in the Water District Revenue Fund (the "Revenue Fund") heretofore created in the custody of the Issuer, and (ii) the moneys and investments in the Bond Payment Fund, the Debt Service Reserve Fund, and the Surplus Fund, all as hereinafter defined, in the manner hereinafter described, all of which are hereby pledged to the payment of the Bonds to the extent permitted by law upon the terms set forth below. The Bonds shall not constitute an indebtedness of the Issuer, the State of Ohio, or any political subdivision thereof within the meaning of the laws and the Constitution of the State of Ohio, and the registered owner of the Bonds shall not have the right to have taxes or excises levied by the Issuer, the State of Ohio, or any political subdivision thereof within the meaning of the laws and the constitution of the State of Ohio, and the registered owner of the Bonds shall not have the right to have taxes or excises levied by the Issuer, the State of Ohio, or any political subdivision thereof to the payment of the Bonds shall not have the right to have taxes or excises levied by the Issuer, the State of Ohio, or any political subdivision thereof for the payment of Bond Service Charges on the Bonds; provided, however, that nothing herein shall be deemed to prohibit the Issuer from using, of its own volition, any of its other lawfully available resources for the fulfillment of any of the terms and conditions of this Resolution or the Series 2023 Bonds.

SECTION 6. The Issuer shall be the custodian of all funds and accounts belonging to or associated with the System and such funds and accounts in the custody of the Issuer shall be deposited in a bank which is a member of the Federal Deposit Insurance Corporation, or its successor, if so required by the Government. So long as the Government is the owner of the Bonds and requires a fidelity bond, the Issuer shall obtain, and keep in force, a fidelity bond to the extent and in the amount required by the Government. Such fidelity bond shall be with a surety company approved by the Government, and the Government and the Issuer shall be named as co-obligees in such fidelity bond and the amount of such fidelity bond shall not be reduced without the prior written consent of the Government.

SECTION 7. So long as any of the Bonds are outstanding, the Issuer shall deposit the Revenues into the Revenue Fund, and shall make the following payments in the following order from amounts in the Revenue Fund:

- (i) From time to time as and when required, all reasonable and proper expenses of operating and maintaining the System, such expenses to exclude those of any other utility of the Issuer, whether or not such other utility shall be operated as a single unit with the System, and further to exclude depreciation and capital replacements.
- (ii) Monthly, commencing with the month following the initial issuance of the Series 2023 Bonds, to the Water System Revenue Bond Payment Fund hereby created in the custody of the Issuer as a separate account within the Revenue Fund (the "Bond Payment Fund"), an amount at least equal to one-twelfth (1/12), or such larger amount as is necessary, of the amount due and payable with respect to the Bonds on the next Bond Payment Date. If for any reason there is a failure to make such monthly deposit, then an amount equal to the deficiency shall be set aside and deposited in the Bond Payment Fund from moneys on deposit in the Revenue Fund in the ensuing month or months, which amount shall be in addition to the regular monthly deposit required during such succeeding month or months.

All moneys and investments in the Bond Payment Fund shall be used only for the payment of the Bond Service Charges on the Bonds when due. Whenever there shall accumulate in the Bond Payment Fund amounts in excess of the requirements during the next twelve (12) months for paying the principal of Bonds falling due and interest on all outstanding Bonds and in excess of the requirements of the Debt Service Reserve Fund hereinafter established, such excess may be used by the Issuer for redemption of Bonds in the manner set out in Section 4 of this Resolution.

(iii) Monthly, commencing with the month following the initial issuance of the Series 2023 Bonds, to the Water System Revenue Bond Debt Service Reserve Fund hereby created in the custody of the Issuer (the "Debt Service Reserve Fund"), an amount equal to

\$785.03 until there is so accumulated \$94,203.96 (as the same may be reduced with the consent of the Government as provided herein, the "Minimum Reserve") into the Debt Service Reserve Fund to secure the Series 2023 Bonds. With the approval of the Government, the Minimum Reserve shall be used and disbursed only for lawful purposes related to the System, including paying costs of operating and maintaining the System, the payment of costs related to litigation or the settlement thereof, paying the cost of capital improvements to the System including repairing or replacing any damage to the System which may be caused by an unforeseen catastrophe, and making payments of principal of and interest on the Series 2023 Bonds when due and payable if the amount in the Bond Payment Fund is not sufficient to meet such payments. Whenever disbursements are made from the Debt Service Reserve Fund, monthly payments shall be resumed until there is again accumulated an amount equal to the Minimum Reserve, at which time payments may be again discontinued.

- (iv) Monthly, commencing with the month following the initial issuance of the Series 2023 Bonds, any moneys remaining in the Revenue Fund after paying the amounts set forth above and reserving in the Revenue Fund an adequate amount as working capital for the System, shall be transferred to the Water System Revenue Bond Surplus Fund, hereby created in the custody of the Issuer as a separate account within the Revenue Fund (the "Surplus Fund"). Moneys in the Surplus Fund shall be used to pay the Bond Service Charges on the Bonds to the extent moneys in the Bond Payment Fund and the Debt Service Reserve Fund are insufficient, and otherwise may be used for making extensions or improvements to the System, redeeming outstanding Bonds, redeeming outstanding Bonds prior to maturity, paying other obligations issued to finance improvements to the System, and any other use of the revenues of the System authorized by law.
- (v) Monthly, commencing with the month following the initial issuance of the Series 2023 Bonds and continuing so long as required by the Government, to the Tuscarawas County Water System Revenue Bond Short-Lived Asset Reserve Fund hereby created in the custody of the Issuer (the "Short-Lived Asset Replacement Fund"), an amount equal to \$1,205.56 until there is so accumulated \$217,000.00. With the approval of the Government, moneys in the Short-Lived Asset

Replacement Fund shall be used and disbursed only for the purpose of repairing or replacing short-lived assets of the System

SECTION 8. The monies in the Revenue Fund, the Bond Payment Fund, the Debt Service Reserve Fund, the Short-Lived Asset Replacement Fund, and the Surplus Fund may be invested as provided in Chapter 135 of the Ohio Revised Code and may be commingled with other funds of the Issuer and each other for investment purposes only. Any such investment and the interest earned thereon shall be credited to and become a part of the respective funds and accounts.

SECTION 9. The Series 2023 Bonds shall be and are hereby sold to the Government at par and accrued interest to the date of delivery of the Series 2023 Bonds in accordance with its offer to purchase which is hereby accepted. All proceeds received from the sale of the Series 2023 Bonds, other than accrued interest, shall be deposited as follows: first, an amount sufficient to retire the Interim Loan shall be deposited in an appropriate fund or account of the Issuer and used to retire the Interim Loan within 90 days of such date of delivery, and second, all other such proceeds shall be deposited in an appropriate fund or account of the Issuer created pursuant to applicable law (the "Project Fund") and used, along with any other moneys of the Issuer appropriated for the purpose, to pay costs of the Project and for no other purpose; any such proceeds remaining in the Project Fund at the conclusion or termination of the Project shall be transferred to the Bond Payment Fund. The proceeds of the Series 2023 Bonds are hereby appropriated for the foregoing purposes. Any accrued interest shall be deposited upon receipt into the Bond Payment Fund.

The members of this Board, the County Auditor, the County Treasurer, the Clerk of this Board, and other appropriate officials of the County, are each hereby separately authorized, without further action of the Board, to take any and all actions and to execute such other instruments that may be necessary or appropriate in the opinion of Dinsmore & Shohl LLP, bond counsel for the Series 2023 Bonds, in order to effect the issuance of the Series 2023 Bonds and the intent of this Resolution. The Clerk of this Board, or other appropriate officer of the County, shall certify a true transcript of all proceedings had with respect to the issuance of the Series 2023 Bonds, along with such information from the records of the County as is necessary to determine the regularity and validity of the issuance of the Series 2023 Bonds.

SECTION 10. The Issuer covenants and agrees so long as any of the Bonds remain unpaid as follows:

(a) The rates and charges for all services and facilities rendered by the System shall be reasonable and just, taking into consideration the costs and value of the System and costs of maintaining, repairing and operating the same and the amounts necessary for the retirement of the Bonds, and there shall be charged such rates and rates and charges as shall be adequate to meet the requirements of this Resolution.

(b) The Issuer will comply with applicable state laws and the regulations and continually operate and maintain the System in good condition.

(c) The System shall be operated as a public utility including all extensions and improvements to the System. No customer of the System, individual, corporation or municipality, shall receive free services or any service without being charged the rates prescribed in the rules and regulations of the System. The reasonable cost and value of any service rendered to the Issuer in its individual capacity by the System, including reasonable rates and charges for public health benefits, shall be paid for monthly as such service accrues out of the current revenues of the Issuer, exclusive of the Revenues derived from the System.

(d) The Issuer will maintain complete books and records relating to the operation of the System and its financial affairs and will cause such books and records to be audited at the end of each fiscal year and an audit report prepared, and the Issuer will furnish to the Government so long as it is holder of any of the Bonds without request a copy of each audit report and will furnish any other holder of the Bonds a copy of such report upon written request. At all reasonable times, the owners of any Bonds shall have the right to inspect the System and the records, accounts and data relating thereto.

(e) The Issuer will maintain insurance coverage on the System and otherwise comply with Government regulations as may be required by the Government so long as Government is the holder of any Bonds, and otherwise, the Issuer will maintain insurance coverage on the System as is customary for utilities similar to the System as determined from time to time by the Board.

(f) The Issuer hereby grants to the owners of the Bonds from time to time a first lien on the Revenues and the moneys and investments in the Revenue Fund, the Bond Payment Fund, the Debt Service Reserve Fund and the Surplus Fund upon the terms set forth herein. If at any time it should appear to the Issuer that the Revenues will be insufficient to pay the Bond Service Charges on the Bonds when due as well as any other obligations of the Issuer, the Issuer shall pay such Bond Service Charges on the Bonds prior to paying any other such obligations. The Issuer shall not transfer or use any portion of the Revenues for any purpose not herein specifically authorized.

(g) Except as otherwise specifically provided herein, so long as any Bonds are outstanding, the Issuer will not borrow any money from any source or enter into any contract or agreement or incur any other liabilities, in connection with making extensions or improvements other than normal maintenance to the System, without obtaining the prior written consent of the Government so long as it is the holder of any Series 2023 Bond, nor shall it transfer or use any portion of the Revenues for any purpose not herein specifically authorized.

Any additional notes, bonds or other obligations pledging any portion of the Revenues incurred or issued by the Issuer shall be junior and subordinate in all respects to the Bonds herein authorized unless the Government otherwise consents in writing so long as it is holder of any Bonds.

The Issuer may issue Additional Bonds on a parity with the lien securing any outstanding Bonds for the purpose of making reasonable repair, replacement or extensions of the System if the Government consents thereto in writing so long as it is holder of any Bonds. Otherwise Additional Bonds may be issued upon written consent of the holders of at least one-half of the then outstanding principal amount of the Bonds.

The funds and accounts herein established shall be applied to all Additional Bonds issued pursuant to this section as if such Additional Bonds were part of the original Bond issue, and all revenues from any such extension or replacement constructed by the proceeds of a parity obligation issue shall be paid to the Revenue Fund.

(h) The Issuer will not cause or permit any voluntary dissolution of its organization, merge or consolidate with any other political subdivision, dispose of or transfer its title to the System or any part thereof including lands and interest in lands, by sale, mortgage, lease or other encumbrance.

(i) Prior to the beginning of each fiscal year the Issuer will prepare an annual budget of the System for the ensuing fiscal year itemized on the basis of monthly requirements. A copy of such budget shall be mailed without request to the Government as long as the Government is holder of any of the Bonds and upon written request of any other Bondholder.

(j) So long as the Government is holder of any of the Bonds, if at any time it shall appear to the Government that the Issuer is able to refund, upon call for redemption or with consent of the Government, the then outstanding Bonds, held by it, in whole or in part, by obtaining a loan for such purposes from responsible cooperative or private credit sources, at reasonable rates and terms for loans for similar purposes and periods of time, the Issuer will, upon request of the Government, apply for and accept such loan in sufficient amount to repay the Government, and will take all such action as may be required in connection with such loan.

(k) The provisions of this Resolution shall constitute a contract between the Issuer and the owners of any of the Bonds, and after the issuance of the Bonds this Resolution shall not be repealed or amended in any respect which will adversely affect the rights and interests of the owners of the Bonds, nor shall this Board adopt any law, ordinance or resolution in

any way adversely affecting the rights of the owners of the Bonds so long as any of the Bonds or interest thereon remains unpaid.

(1) All of the obligations set forth and covenants made under this Resolution are hereby established as duties specifically enjoined by law and resulting from an office, trust or station upon the Issuer within the meaning of Section 2731.01 <u>et seq</u>. of the Ohio Revised Code.

SECTION 11. In addition to the remedies available to the Government under the Government's Loan Resolutions (RUS Bulletin 1780-27) related to the Project, the Series 2023 Bonds, any future project related to the System and any Additional Bonds, if there shall be default in the provisions of this Resolution or in the payment of Bond Service Charges on any of the Bonds, upon the filing of a suit by any owner of any of the Bonds, any court having jurisdiction of the action may appoint a receiver to administer said System on behalf of the Issuer with power to charge and collect rates sufficient to provide for the payment of the Bonds and for the payment of operating expenses and to apply income and revenues in accordance with this Resolution and the laws of Ohio.

Owners of twenty per cent (20%) of the outstanding Bonds in the event of default may require by mandatory injunction the raising of rates in a reasonable amount except as otherwise provided by law.

The remedies described in this Section are in addition to any other remedies that any owner of any of the Bonds may have under applicable law.

SECTION 12. This Board hereby covenants that it will restrict the use of the proceeds of the Series 2023 Bonds hereby authorized in such manner and to such extent, if any, and take such other action as may be necessary, after taking into account reasonable expectations at the time the debt is incurred, so that they will not constitute obligations the interest on which is subject to federal income taxation or "arbitrage bonds" under Sections 103(b)(2) and 148 of the Internal Revenue Code of 1986, as amended (the "Code") and the regulations prescribed thereunder and will, to the extent possible, comply with all other applicable provisions of the Code and the regulations thereunder to retain the federal income tax exemption for interest on the Series 2023 Bonds, including any expenditure requirements, investment limitations, rebate requirements or use restrictions. The County Auditor, the County Treasurer, the Clerk of this Board or any other officer having responsibility with respect to the issuance of the Issuer, on the date of delivery of the Series 2023 Bonds for inclusion in the transcript of proceedings, setting forth the facts, estimates and circumstances and reasonable expectations pertaining to the use of the proceeds thereof and the provisions of said Sections 103(b)(2) and 148 and regulations thereunder.

The Series 2023 Bonds are hereby designated as "qualified tax-exempt obligations" to the extent permitted by Section 265(b)(3) of the Internal Revenue Code of 1986, as amended (the "Code"). This Board finds and determines that the reasonable anticipated amount of qualified tax-exempt obligations (other than private activity bonds) which will be issued by the Issuer during this calendar year does not and the Board hereby covenants that, during such year, the amount of tax-exempt obligations issued by the Issuer and designated as "qualified tax-exempt obligations" for such purpose will not exceed \$10,000,000. The County Auditor, County Treasurer, and other appropriate officers, and any of them, are authorized to take such actions and give such certifications on behalf of the Issuer during this calendar year and with respect to such other matters as appropriate under Section 265(b)(3).

SECTION 13. So long as the Government or any agency thereof is holder of any of the Series 2023 Bonds, the Issuer and this Resolution shall be subject to the Loan Resolution (RUS Bulletin 1780-27) relating to the Project and the Series 2023 Bonds adopted by this Board which constitutes an agreement between the Issuer and the Government, a copy of which is available for inspection at the office of the Clerk of this Board and which is hereby incorporated by reference. Without limiting the generality of the foregoing, the Issuer covenants that it (i) will, among other things, acquire and maintain such insurance and fidelity bond coverage as may be required by the Government, and (ii) will not, among other things, defease the Series 2023 Bonds and the lien on the Revenues granted hereby as security of the Series 2023 Bonds without the prior written consent of the Government.

SECTION 14. The law firm of Dinsmore & Shohl LLP be and is hereby retained as bond counsel to the Issuer to prepare the necessary authorization and related closing documents for the issuance, sale and delivery of the Series 2023 Bonds and, if appropriate, rendering its approving legal opinion or opinions in connection therewith in accordance with a written agreement with the

Issuer which at least two members of the Board and the County Auditor are each hereby separately authorized to execute and deliver on behalf of the Issuer, as may be approved by such officers. The approval of such agreement by such officers, and that the same are not substantially adverse to the Issuer, shall be conclusively evidenced by the execution of such agreement by such officers. Such law firm shall be compensated by the Issuer for the above services in accordance with such written agreement.

SECTION 15. It is found and determined that all formal actions of this Board concerning and relating to the adoption of this Resolution were adopted in an open meeting of this Board, and that all deliberations of this Board and of any of its committees that resulted in such formal action, were in meetings open to the public, in compliance with the law, including Section 121.22 of the Ohio Revised Code.

**DISCUSSION:** Jesse Rothacher, Park Director stated the Park Dept received from ms consultants, Stage 3 Design & Engineering Plans for the proposed extension to the Towpath Trail and they brought up a few concerns relating to the underground utility lines. There are gas lines that run parallel to the railroad line and the proposed trail. Due to the underground utility lines being so close, there will be testing to locate the lines and will raise the cost of the project. There are funds encumbered for these of types of issues.

Proposal A. Site Map

EXHIBIT A

#### 1.0 Project Description

SAM proposes to provide subsurface utility engineering (SUE) services in an attempt to identify the existing gas line at the locations shown on **Attachment 1**. This investigation is to aid in the Towpath project drainage design.

The work will be conducted in accordance with the Construction Institute (CI)/American Society of Civil Engineers (ASCE) Standard 38-02, Standard Guideline for the Collection and Depiction of Existing Subsurface Utility Data. This document is the standard upon which SUE is conducted, defining the service as:

A branch of engineering practice that involves managing certain risks associated with: utility mapping at appropriate quality levels, utility coordination, utility relocation design and coordination, utility condition assessment, communication of utility data to certain parties, utility relocation cost estimates, implementation of utility accommodation policies, and utility design.

#### 2.0 Scope of Services

#### The proposed scope of services includes: 2.4 Locating - Ouality Level A

Quality Level A services will include performing an estimated 14 test holes to establish the exact location and elevation of critical utilities that may conflict with future construction. SAM will use minimally intrusive excavation techniques that protect the integrity of the utilities in question, and that of other lines that may be encountered. The test hole will be excavated using air and/or water assisted vacuum excavation equipment intended for this purpose.

The excavation procedure will include:

- Clearing the Test Hole area of surface debris.
- Excavating the Test Hole utilizing the above-described equipment. The nominal diameter will not exceed 15 inches unless otherwise approved. Care will be taken to avoid damaging lines, wrappings, coatings, cathodic protection or other protective coverings and features. Hand digging will be conducted to the extent necessary to supplement the vacuum excavation process.
- Exposing the utility only to the extent required for identification and data collection purposes. Storing excavated material for re-use or disposal at an approved location near the project, as appropriate.

Data collected from the Test Hole will be recorded on a standard SAM, LLC Test Hole Data Sheet that will be subsequently sealed and dated. The location will be shown on the drawing. Data will include:

- Utility owner (if known)
  - Top and/or bottom elevation of the utility relative to an above ground mark to a vertical accuracy of +/- 0.05 feet.
  - Field sketch showing horizontal location referenced to a minimum of two physical structures existing in the field.
  - Approximate centreline bearing of utility.

sam.biz

2 | Page

SAI

- Outside diameter of pipe, width of duct bank, and configuration of multi-conduit systems.
- Utility structure material composition, when reasonably ascertainable.

Other pertinent information.
Site restoration will include:

- Replacing bedding material around exposed utility lines.
- Backfilling and compacting the excavation using a steel tamper bar in one-foot lifts.
- As applicable, providing permanent pavement restoration within the limits of the original cut using materials, compaction, and pavement thickness similar or equal to that found.
- For excavations in unpaved areas, restoring disturbed area, to the extent practical, to reflect pre-existing conditions.
- Furnishing and installing permanent surface marker (e.g., P.K. nail, peg, steel pin, or hub) directly above the centreline of the utility.
- Surveying the test hole marker.

The deliverable will include Test Hole Data Forms depicting found utility information in accordance with CI/ASCE Standard 38-02 complete with professional seal and signature. SAM will also update the existing CAD file with the test hole location(s).

#### 3.0 Cost Proposal

SAM, LLC proposes to complete the above described scope of services in accordance with an agreed upon Standard Terms and Conditions for the Lump Sum Cost of **\$14,000**.

This cost estimate is based on our current understanding described in the project description, the scope of services, and the assumptions listed below. In the event these items change in the course of this project, the SAM project manager will be in touch concerning changes to the project cost and schedule.

### 4.0 Assumptions

#### Proposal

This proposal is valid for a period of 90 days.

#### **Required by Client**

- SISS Client will provide complete access for SAM staff, equipment, and company vehicles, to the project site between the hours of 7:00 a.m. and 5:30 p.m. This is inclusive of sidewalks in front of businesses and private residences and curbside parking on either side of the road.
- Notification and Coordination
  - > Client will notify local property owners of the work activities and schedule.
  - > Client will facilitate coordination with the site owners to the extent required.
- Records

#### sam.biz

EXHIBIT A

- To the extent available, client will provide copies of available records for existing facilities and improvements prior to commencement of work. No records will be researched by SAM.
- To the extent available, client will provide CAD file of existing survey information including previously found utilities, topographic features and survey control prior to the commencement of work.
- Work Permits, Entry, and Training
  - Client will facilitate work, excavation permits and entry forms to the extent required by the project.
  - Project specific training will not be required.
  - Confined space entry is not required.
- Safety

Client will facilitate safe access for vehicles, equipment, and personnel.

#### Traffic Control

 Traffic control requiring lane closures, traffic detouring, flag persons, police, etc., is considered special traffic control and is not included in this scope of services. If special traffic control is required, SAM, LLC can provide this service, at additional costs, utilizing a specialty subcontractor.

#### Weather

 SAM will notify the client of snow cover or other issues that may impede or delay the investigation.

#### Quality Level B Services

General Scope of Work:

> Quality Level B was excluded from the scope at the request of the client

#### **Quality Level A Services**

- If the utilities are over 8 feet deep or a significant large gravel or caliche is encountered, nondestructive vacuum excavation techniques may be unsuccessful uncovering the utility. In such a case, the Test Hole results will be inconclusive.
- Every effort will be made to excavate the Test Hole over the utility. However, if multiple holes
  are required to identify its location, additional charges will be incurred.
- SAM Assumes the pipeline will be marked at all of the requested locations prior to starting work. SAM will excavate on the one call response flagging only and WILL NOT verify the horizontal accuracy of the flags or paint.

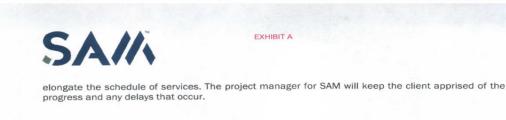

#### 5.0 Schedule of Services

Based on a written agreement and notice to proceed, we will mobilize within 14 days and complete the Quality Level A work in a safe and efficient manner working 7:00 a.m. to 5:30 p.m. Monday -Friday pending no weather delays or conditions beyond our control. SAM, LLC will submit the deliverable drawings and CAD file within 14 days upon the final collection of field data. Weather will be paramount to the success of a geophysical investigation and changing weather conditions may

**DISCUSSION: FEDERAL BONDS:** *Mike Jones, Sanitary Engineer, was present for signatures on the Federal Bonds for the Wilkshire Hills Wastewater Treatment Plant Renovations Project. NO ACTION TAKEN.* 

**DISCUSSION:** John Farragonio and Eric Swain, ABM Infrastructure Solutions were present to answer any questions the Commissioners may have since they were last here about the company and how it may be able to help Tuscarawas County. The MOU that was sent from ABM is at the Prosecutor's Office being reviewed. NO ACTION WAS TAKEN.

**DISCUSSION:** ST JOSEPH CATHOLIC CHURCH'S 175 YEAR ANNIVERSARY: Father Hatfield, St Joseph Catholic Church, was present to talk about his church and parish. Father Hatfield stated he has been the Pastor since 2013. Father stated the Church's history has been one of constant change in terms of the European population, Polish population, Italian population to the Guatemalan population of today. The Church and the surrounding area have changed with the populations. Commissioner Ress stated he has great memories with the Church. His children went to school there and his mother attends Church there. It is really a great Church and Parish and they work hard to keep it a nice place. Thank you. Commissioner Zemis added that four of her five children attended St Joe's and she hopes the reason Sister Valerie retired is not because of her children! She still gets very nostalgic when she drives by the school. A Church is more than its walls. Commissioner Abbuhl closed by saying he has strong roots in his Church just as St Joe's parishioners have in their Church and he loves St Joe's food!

The Clerk read the recognition onto the record.

## DISCUSSION: CCAO PRESENTATION OF THE FIRST RESEARCH & EDUCATIONAL FOUNDATION SCHOLARSHIP.

Steve Caraway, Service Corporation Manager, CCAO was present to present Kendall Polen with the first Scholarship for \$2,000 for her future educational endeavors. Mr. Caraway stated there were five scholarship awarded throughout Ohio and Kendall was one of five chosen out of over ninety applications. Steve stated Kendall has led a phenomenal life thus far and he can't wait to see what happens to her in her career in the future, but it clear from her essay and extra-curricular activities that Kendall has a heart for serving others in our community; Student Counsel, National Honor Society, Volleyball Pep Club, Church volunteer, Humane Society volunteer, job shadowing, Kids of America Volleyball, Choir and Prom Committee.

Kendall Polen stated she was going to be attending Denison University in Granville, OH this fall and will be majoring in Politics and Public Affairs. Denison University offers different programs to go into different parts of law and government and continue to serve. Gretchen Polen, Kendall's Mother, is very grateful for this opportunity Kendall has been given. Mrs. Kendall is a fourth-grade teacher at Indian Valley and she pushes leadership for her students to give back and be good role models for others. Frank Polen, Kendall's Father, stated he wants to thank Tuscarawas County Commissioners and especially Commissioner Abbuhl for forwarding this email from CCAO out to the schools in the area and giving his daughter and many others like her in our area to apply for this scholarship. From a parent prospective, he is very thankful and appreciative of this opportunity. The Commissioners all agreed that leadership, giving back and serving all starts at home. Kendall is a great example for other kids. Sometimes you do not even realize who is watching and learning from you by example. Commissioner Ress added he has known this family for some time and he is not surprised that Kendall is being awarded this scholarship. Congratulations and you will do good things in your future.

Mr. Caraway presented Kendal with a \$2,000 check on behalf of CCAO.

30% Schematic Civil Site Design Proposal for Tuscarawas County Health Department Site Improvement Project Re:

Dear Mr. Picard:

This letter is in response to your request for proposal for 30% schematic design for driveway addition for Tuscarawas County Health Department Facility located at 897 East Iron Avenue in Dover, Ohio

The proposed site improvements include a new driveway along the east side of the facility wide enough for trucks and trailers to use. The new driveway design will need to rework curbing, relocate trash enclosure area and a few parking spaces. Drainage will be needed and shown.

Based on this information and our experience with civil site design, we have determined our project scope of services to include the following:

#### 30% Schematic Design

- 1. The base map for the 30% schematic design will be GIS information and existing plans from the Owner.
- 2. Using the base map, we will create the new driveway plan and provide for the following sheets:
  Site Dimension/ Noted Plan (include demo notes)
  Truck turning exhibits for the driveway.
  Preliminary Grading/ drainage plan or profile of the driveway
- 3. We will calculate existing impervious and proposed impervious areas, provide for preliminary concept of stormwater detention that will be needed and proposed drainage structures. Based on the site being fully developed, any detention would need to be underground. Preliminary calculations will be performed to be able to provide for preliminary cost estimating of driveway improvements.
- 4. We will provide a preliminary cost estimate for the new driveway improvement.
- 5. Communicate and address comments from the design team throughout the 30% schematic design phase. We have included two (2) design progress meetings via web conference call. Additional design progress meetings or onsite meetings will be billed at \$300/ per additional meeting.
