RESOLUTION (150-2023) MULTI-COUNTY ADVANCED MANUFACTURING CORRIDOR FUNDING

It was moved by Commissioner Zemis, seconded by Commissioner Ress, to approve a \$25,000.00 contribution to the Multi-County Advanced Manufacturing Corridor from the Economic Growth Fund for the purpose of equipment, acquisition to be used for educational opportunities for high school, college and incumbent worker training in robotics, CNC, welding and advanced manufacturing. This program allows students to enter a manufacturing certificate program, a competency and skill-based certificate and college credit. Kent State Tuscarawas will be the financial agent for this project.

Discussion: Commissioner Abbuhl noted this is something the County has supported for a number of years. This program consists of Kent State, Buckeye Career Center and other local businesses that have come together to create an atmosphere for education for persons who wish to advance themselves either by re-education, advancement to a certificate level or advance to a degree level. This is a great program and it has been very successful and worth supporting. They have always done a great job trying to build our workforce.

COMMISSIONER'S JOURNAL 86

FOSTER CARE: Commissioner Zemis stated how shocked she is to learn of the high cost of Foster Care for children of our communities that are living in other communities for their care and well-being. Foster Care costs Tuscarawas County a lot of money and there is not enough help and families in our community so the children must be put in other facilities and counties to get the help they need.

OTHER BUSINESS: Commissioner Abbuhl attended the Legislative Conference for the National Association of County (NACo). We are also members of the County Commissioners Association of Ohio (CCAO). There was a lot of good information at the Conference. CCAO advocates on the behalf of the counties in Ohio and NACo does the same thing, but on the Federal level to get Federal dollars into all of our counties.

There was a session on the Opioid Epidemic which talked about the programs that are in place to assist with this issue. There was a session on Broadband and how the Federal Government is going to work to get Broadband into every household in the Country. This is no longer a luxury, it is a necessity for education, telehealth, small business and large businesses alike. This was a good opportunity to meet people, make connections and talk about issues. There were great speakers and the whole conference was motivational.

Commissioner Zemis had the opportunity to meet with Congressman Balderson in Sugarcreek with other elected officials from Sugarcreek. Holmes County was one of his stops and Commissioner Zemis spoke with him in depth. Topics included Broadband, education, safety and some of the drug problems that are in our rural areas. Congressman seemed very motivated to help with those issues.

Commissioner Abbuhl did get a resolution passed unanimously out of committee for reforming the Windfall Elimination Provision which is a formula for distribution of Social Security Benefits.

RESOLUTION (158-2023) ADJOURN

It was moved by Commissioner Ress, seconded by Commissioner Zemis, to adjourn at 9:27 a.m. to meet in Regular session Wednesday, the 22nd day of February, 2023.

Chris Abbuhl, yes; Kristin Zemis, yes; Greg Ress, yes;

We hereby certify the above and foregoing to be a true and correct account of the proceedings as had by and before us on the day and year first written above.
